Your notes:

Activity - 1

Decode the Chart

Name: M. Saran Jenish Roja

Reg. No: 192324043

R. No: 31

1. Chart - 1: Hyderabad has the highest attendance.
Not fully trusted because the y-axis is truncated.
2. Chart - 2: Shows vote shares of 10 parties.
Not trusted because labels are missing.
3. Chart - 3: Shows Cheese consumption and deaths ~~decreasing~~ increasing together.
It does not prove causation.
4. Chart - 4: Shows coffee cups vs US typing speed. Little or no clear relationship.
